

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: United States of America

Revision date 12-Oct-2023

Revision Number 1

## 1. Identification

### Product identifier

Product Name METHOCEL™ 240 S Hydroxypropyl Methylcellulose

Product Code(s) 348202

### Recommended use of the chemical and restrictions on use

Recommended use Industrial

Restrictions on use None under normal use conditions

### Details of the supplier of the safety data sheet

#### Supplier Address

Nutrition & Biosciences USA 1, LLC  
3490 Winton Place  
Rochester, New York 14623  
USA  
+ 1 800 255 6837 (General Information)

#### E-mail address

sds.genencor@iff.com

#### Emergency telephone number

Local (Washington DC): +1 703-741-5970  
Toll Free: 1-800-424-9300

## 2. Hazard(s) identification

### Classification

Combustible dust	Yes
------------------	-----

### Label elements

Signal word: **Warning**

May form combustible dust concentrations in air

### Hazards not otherwise classified (HNOC)

No hazards not otherwise classified were identified.

**Other information**

No information available.

### 3. Composition/information on ingredients

**Mixture**

Chemical name	CAS No	Weight-%
Hydroxypropyl methylcellulose	9004-65-3	90 - 95

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

### 4. First-aid measures

**Description of first aid measures**

<b>General advice</b>	When in doubt or if symptoms are observed, get medical advice.
<b>Inhalation</b>	IF INHALED: Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER or doctor.
<b>Eye contact</b>	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
<b>Skin contact</b>	IF ON SKIN: Wash with plenty of water and soap. If skin irritation occurs: Get medical advice/attention.
<b>Ingestion</b>	IF SWALLOWED: Never give anything by mouth to an unconscious person. Drink plenty of water. Get medical attention if symptoms occur.

**Most important symptoms and effects, both acute and delayed**

<b>Symptoms</b>	Get medical attention if irritation or other symptoms occur.
-----------------	--

**Indication of any immediate medical attention and special treatment needed**

<b>Note to physicians</b>	Treat symptomatically.
---------------------------	------------------------

### 5. Fire-fighting measures

<b>Suitable Extinguishing Media</b>	Foam. Dry powder. Water spray. Carbon dioxide (CO2).
<b>Unsuitable extinguishing media</b>	Keep product and empty container away from heat and sources of ignition. Do not use water jetstream.
<b>Specific hazards arising from the chemical</b>	Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.
<b>Hazardous combustion products</b>	Smoke production.
<b>Explosion data</b>	
<b>Sensitivity to mechanical impact</b>	No.

**Sensitivity to static discharge** Yes.

**Special protective equipment for fire-fighters** Positive pressure self-contained breathing apparatus (SCBA) and structural firefighters' protective clothing will provide adequate protection.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Sweep up to prevent slipping hazard.

### Methods and material for containment and cleaning up

**Methods for containment** Sweep up and shovel into suitable containers for disposal. Avoid dust formation. Dispose of in accordance with local regulations.

**Methods for cleaning up** Use industrial vacuum cleaners approved for combustible dust and area electrical classification.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Avoid generation of dust and aerosols. Avoid contact with eyes, skin and clothing. Minimize dust generation and accumulation. Combustible dust clouds may be created where operations produce fine material (dust). Avoid significant deposits of material, especially on horizontal surfaces, which may become airborne and form combustible dust clouds and may contribute to secondary explosions. Handling and processing operations should be conducted in accordance with 'best practices' (e.g. NFPA- 654).

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep/store only in original container. Keep container tightly closed in a dry and well-ventilated place.

## 8. Exposure controls/personal protection

### Control parameters

**Exposure Limits** Based on data available for ingredients

Chemical name	ACGIH TLV	OSHA PEL	NIOSH IDLH
Dust, non-specific	TWA: 10 mg/m <sup>3</sup> inhalable particles, recommended TWA: 3 mg/m <sup>3</sup> respirable particles, recommended	TWA: 15 mg/m <sup>3</sup> total dust TWA: 5 mg/m <sup>3</sup> respirable fraction (vacated) TWA: 15 mg/m <sup>3</sup> total	-

		dust (vacated) TWA: 5 mg/m <sup>3</sup> respirable fraction TWA: 15 mppcf respirable fraction TWA: 50 mppcf total dust	
--	--	---	--

#### Appropriate engineering controls

**Engineering controls** Ensure adequate ventilation. Avoid generation of dust and aerosols.

#### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Hand protection** Wear protective gloves.

**Skin and body protection** Wear protective gloves and protective clothing.

**Respiratory protection** If exposure limits are likely to be exceeded or if irritation or other symptoms are experienced, NIOSH/MSHA or EN 136 approved respiratory protection should be worn.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with eyes, skin and clothing. Wear suitable gloves and eye/face protection.

## 9. Physical and chemical properties

#### Information on basic physical and chemical properties

<b>Appearance</b>	Powder
<b>Physical state</b>	Solid
<b>Color</b>	White to off-white mild
<b>Odor</b>	No information available
<b>Odor threshold</b>	No information available

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
<b>pH</b>	No data available	None known
<b>Melting point / freezing point</b>	No data available	None known
<b>Initial boiling point and boiling range</b>	No data available	None known
<b>Flash point</b>	No data available	CC (closed cup)
<b>Evaporation rate</b>	No data available	None known
<b>Flammability (solid, gas)</b>	No data available	May form combustible dust concentrations in air
<b>Flammability Limit in Air</b>		None known
<b>Upper flammability or explosive limits</b>	No data available	
<b>Lower flammability or explosive limits</b>	No data available	
<b>Vapor pressure</b>	No data available	None known
<b>Relative vapor density</b>	No data available	None known
<b>Relative density</b>	No data available	None known
<b>Water solubility</b>	No data available	soluble
<b>Solubility(ies)</b>	No data available	None known
<b>Partition coefficient</b>	No data available	bioconcentration : None known
<b>Autoignition temperature</b>	No data available	No data available
<b>Decomposition temperature</b>	No data available	None known
<b>Kinematic viscosity</b>	No data available	None known

Dynamic viscosity No data available None known

**Other information**

Explosive properties No data available  
Oxidizing properties No information available  
Molecular weight > 1000

## 10. Stability and reactivity

Reactivity Not expected.

Chemical stability Stable under normal conditions.

Possibility of hazardous reactions None under normal processing.

Hazardous polymerization Hazardous polymerization does not occur.

Conditions to avoid Heat, flames and sparks. May form combustible dust concentrations in air.

Incompatible materials Keep away from heat, flames and sparks.

Hazardous decomposition products No hazardous decomposition products known.

## 11. Toxicological information

### Information on likely routes of exposure

#### Product Information

#### Acute toxicity

Inhalation No information or data specific to the product on this toxicological (health) effect is available.  
Eye contact No information or data specific to the product on this toxicological (health) effect is available.  
Skin contact No information or data specific to the product on this toxicological (health) effect is available.  
Ingestion No information or data specific to the product on this toxicological (health) effect is available.

### Symptoms related to the physical, chemical and toxicological characteristics

Symptoms Get medical attention if irritation or other symptoms occur.

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Respiratory or skin sensitization No information available.  
Germ cell mutagenicity No information available.  
Carcinogenicity No information available.  
Reproductive toxicity No information available.  
STOT - single exposure No information available.  
STOT - repeated exposure No information available.  
Aspiration hazard No information available.

### Numerical measures of toxicity

Component Information Based on data available for ingredients

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50
Hydroxypropyl methylcellulose	>4000 mg/kg ( Rat )	>5000 mg/kg ( Rabbit )	-

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50
9004-65-3			

*Hydroxypropyl methylcellulose 9004-65-3*

Eye irritation	Not expected
Skin irritation	Not expected
Respiratory irritation	Not expected
Sensitization	Not expected
Reproductive effects	Not expected
Mutagenic effects	Not expected
Systemic Toxicity	Not expected
Carcinogenicity	Not expected
Teratogenicity	Not expected

## 12. Ecological information

**Ecotoxicity** Based on data available for ingredients

**Persistence and degradability** Based on data available for ingredients.

**Bioaccumulative potential** Based on data available for ingredients.

Chemical name	Biodegradation	Bioaccumulation/Accumulation
Hydroxypropyl methylcellulose 9004-65-3	Slow biodegradation	No bioaccumulation potential Molecular weight >1,000

**Mobility in soil** No information available.

**Other adverse effects** No information available.

## 13. Disposal considerations

**Waste from residues/unused products** Dispose of wastes in an approved waste disposal facility. Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.

**Contaminated packaging** Dispose of empty containers and wastes safely. Dispose of waste product or used containers according to local regulations.

## 14. Transport information

**DOT** Not regulated

**IATA** Not regulated

**IMDG** Not regulated

## 15. Regulatory information

**International Inventories**

Based on data available for ingredients

Chemical name	AICS	DSL/NDSL	EINECS/ELINCS	ENCS	IECSC	KECL	PICCS
Hydroxypropyl methylcellulose 9004-65-3	X	X	-	X	X	X	X

**US Federal Regulations**

**TSCA**

A food, food additive, drug, cosmetic, or device, when manufactured, processed or distributed in commerce for use as a food, food additive, drug, cosmetic, or device is not subject to the notification requirements of the United States of America regulation 40 CFR 720.

Chemical name	CAS No	US TSCA Inventory listing	US TSCA active/inactive designation
Hydroxypropyl methylcellulose	9004-65-3	Present	Active

**SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations**

**California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

Based on data available for ingredients

## 16. Other information

### Legend:

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AICS** - Australian Inventory of Chemical Substances
